i hear you

You are entwined in the tree branches by the autumn wind,

You are my friend, where gloomy thoughts are erased

And in the memories of the past, don't let it linger, you naughty wind

(Latvijas radio 2 listeners & Jānis Elsbergs)

Autumn wears a maple dress

Silk of dew in the fog

Bright orange and gold

Morning breaks through the forest

(Listeners of Latvian Radio 2 & Guntars Račs)

Like water in a deep vessel

I draw strength within myself,

And life seems really nice

When I look at myself again

(Listeners of Latvian Radio 2 & Marts Pujāts)

Autumn basks in the September sun,

All the puddles dried up thinly,

The winter apple knocks on the window like an early guest,

But I have a purely suffering character in this sun

(Listeners of Latvian Radio 2 & Mikus Frišvelds)

And then I woke up from you

Like a flower from the sunbeam in the morning,

Like a dewdrop in a spider's web

Uncaught and free.

(Listeners of Latvian Radio 2 & Normunds Belskis)
